VT506Mobile Lavalier Microphone for Smartphones

The professional Miniature Microphone for the Generation Smartphone.

Considerable TV and film productions are already using the worldwide well-known lavalier microphone VT506 from Voice Technologies. Now the popular VT506 is also available as VT506MOBILE, adapted to the generation Smartphone. Because it is certain – moving picture needs the best sound. It doesn't make any difference whether it is used for Social media videos (YouTube, Vimeo), reports, videos in Talking-Head-Format, private live recordings or even as a Backup for sound engineers. Only the perfect sound makes the video complete.

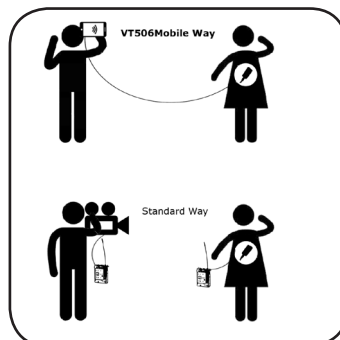

The housing is based on an ultra-robust synthetic material that withstands also Outdoor activities and the length of the cable is 2,5m so that it is ideal also for interviews.

The Voice Technologies VT506Mobile comes with a clip and a windscreen in a transparent box which fits in every pocket and which guarantees a secure transportation:

- Clip
- Windscreen

Application area: Social media videos (YouTube, Vimeo), reports, videos in Talking-Head-Format, private live recordings or even as a Backup for sound engineers
